

Secular Agenda for the 117th Congress & Biden Administration

The Secular Coalition for America (SCA) advocates for religious freedom, as guaranteed by the First Amendment of the U.S. Constitution, and works to bring respect and visibility to nontheists. Representing 19 national secular organizations, hundreds of local secular communities, and working with our allies in the faith community, we combine the power of grassroots activism with professional lobbying to make an impact on the laws and policies that govern separation of religion and government — or the improper encroachment of either on the other.

The Secular Coalition for America in partnership with its 19 member organizations is proud to share the following, *Secular Agenda for the 117th Congress & Biden Administration*. SCA would like to thank our member organizations and their staff for assisting in this coalition wide effort.
